BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the application of PACIFIC GAS AND ELECTRIC COMPANY for an order of the Public Utilities Commission of the State of California issuing to applicant a certificate of public convenience and necessity to exercise the right, privilege and franchise granted to applicant by Ordinance No. 550 of the City Council of the City of San Rafael, County of Marin, State of California, as amended by Ordinance No. 575 of said City Council. (Gas)

Application No. 34576

<u>R. W. DuVal</u> and <u>John C. Morrissey</u>, for applicant.

## <u>O P I N I O N</u>

By its application as amended Pacific Gas and Electric Company seeks a certificate of public convenience and necessity to exercise the rights and privileges of a franchise granted by the City of San Rafael by Ordinance No. 550 and as amended by Ordinance No. 575, permitting the installation, maintenance and use of a gas distribution and transmission system in the streets of said city. A public hearing was held before Examiner Dely on September 21, 1953 at San Francisco and on August 16, 1954 at San Anselmo.

The franchise referred to, a copy of which is attached to the application and designated as Exhibit A was granted by the city in accordance with its charter provisions and the Franchise Act of 1937, and is of indeterminate duration. Because certain language was omitted by Ordinance No. 550 relative to the fee payable annually to the city said ordinance was amended by Ordinance No. 575. As a result of the amendment it is provided that a fee is payable annually to the city equivalent to two per cent of the gross receipts arising

from the use, operation, or possession of the franchise, but not less than one per cent of the gross annual receipts from sales of gas within the limits of the city under said franchise.

The total cost incurred by applicant in obtaining the franchise was \$1,414.26, which amount does not include costs incident to this application.

No objection to the granting of the requested certificate has been entered. Furthermore, this utility or its predecessors have for many years served gas in and about the City of San Rafael without competition. As of December 31, 1952, it served 5,109 customers within the city from approximately 66.1 miles of gas mains therein.

The certificate of public convenience and necessity herein granted is subject to the following provisions of law:

- 1. That the Commission shall have no power to authorize the capitalization of the franchise involved herein or this certificate of public convenience and necessity or the right to own, operate or enjoy such franchise or certificate of public convenience and necessity in excess of the amount (exclusive of any tax or annual charge) actually paid to the State or to a political subdivision thereof as the consideration for the grant of such franchise, certificate of public convenience and necessity or right.
- 2. That the franchise involved herein shall never be given any value before any court or other public authority in any proceeding of any character in excess of the cost of the grantee of the necessary publication and any other sum paid by it to the municipality therefor at the time of the acquisition thereof.
