Application No. 36072

OPINION AND ORDER

Applicants, William C. Moen and Russell L. Von Der Ahe, doing business as Von Der Ahe Van & Storage Co., request a state-wide certificate of public convenience and necessity authorizing the transportation of used household goods and related items as a highway common carrier.

Applicants are presently providing such a service by virtue of a household goods carrier permit. The application was filed pursuant to Decision No. 50448, dated August 17, 1954, in Case No. 5478. Even though applicants admittedly know that said decision does not pertain to the operations of used household goods carriers, they request a certificate.

The sought certificate has not been shown to be necessary for the type of service applicants perform and by this application propose to perform. A hearing does not appear to be necessary. The application will be denied.

Good cause appearing,

IT IS ORDERED that Application No. 36072 is hereby denied.

Dated at San Francisco, California, this 8th day of March, 1955.
