

**ORIGINAL**Decision No. 51212

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of )	
SOUTHERN CALIFORNIA EDISON COMPANY, )	
a corporation, and KTTV INC., a cor- )	
poration, for an Order of the Public )	Application No. 30231
Utilities Commission authorizing )	(First Supplemental)
Applicant SOUTHERN CALIFORNIA EDISON )	
COMPANY to enter into a special )	
agreement with KTTV INC. )	

OPINION AND ORDER ON FIRST SUPPLEMENTAL APPLICATION

By this first supplemental application Southern California Edison Company requests authority to enter into and carry out the terms of a supplemental and amending agreement dated January 21, 1955 with KTTV Inc. A copy of the agreement marked Exhibit "I" is attached to this application.

This agreement further amends a supplemental and amending agreement dated September 22, 1953, the latter having been authorized by Decision No. 49320, dated November 10, 1953, in Application No. 34816. Under the afore-mentioned supplemental and amending agreement, applicant presently supplies 130 kva of capacity for consumer's television transmitting station and 18 kva of capacity for lighting at said station located on Mount Wilson, California. The application shows that consumer's demand for electric energy is substantially increasing, and this supplemental and amending agreement provides that applicant will increase facilities from 130 to 236 kva of capacity to serve consumer's transmitter station and does not provide for any change in the lighting capacity.

Said supplemental agreement also provides that if the furnishing of electric energy and service to consumer should be discontinued for any reason prior to the end of the expiration of 36 months from the effective service date, consumer agrees to pay

applicant the sum of \$1,869.83, which is deemed to be the installation and removal cost of the equipment heretofore installed and the additional equipment and facilities necessary to provide the additional service under this supplemental agreement.

The agreement provides that consumer shall pay applicant for all electric service furnished at the rates and under the terms and conditions set forth in applicant's tariff Schedule A-7 for power service and Schedule A-6 for lighting service as said schedules now exist or as they may hereafter be modified or superseded.

The agreement is to continue in effect until terminated by consumer's giving applicant not less than 30 days' written notice of its intention to terminate; however, since it is necessary for applicant to use certain public lands of the United States in constructing, operating, and maintaining certain facilities necessary for the furnishing of service to consumer, and since the permit for use of such governmental land as issued by the supervisor of the Angeles National Forest expires on April 17, 1963, the agreement provides that it shall not continue beyond the expiration or sooner termination or cancellation of said permit or any extension or renewal of said permit or of any new permit that may be issued to Edison upon the expiration of the present permit.

The supplemental agreement provides that it shall be subject at all times to such changes or modifications by this Commission as said Commission may from time to time direct in the exercise of its jurisdiction and that it shall not become effective until authorized by this Commission.

Except as supplemented and amended by this agreement, the original agreement dated February 16, 1949, as heretofore supplemented and amended, shall remain in full force and effect.

The Commission having considered the above-entitled application and being of the opinion that the application should be granted and that a public hearing in the matter is not necessary, therefore,

IT IS HEREBY ORDERED that Southern California Edison Company be and it is authorized to carry out the terms of that certain supplemental and amending agreement with KTTV Inc. dated January 21, 1955, a copy of which is marked Exhibit "I" and attached to the application, to render the service therein specified and to charge and collect the rates stated therein.

IT IS HEREBY FURTHER ORDERED that Southern California Edison Company shall file with this Commission a statement showing the date on which service under the amended agreement was first rendered and subsequently, shall file a statement promptly after termination, showing the date when said agreement was terminated.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 15<sup>th</sup> day of March, 1955.
