Application No. 29011  
 (3rd Supplemental)

OPINION AND ORDER ON  
THIRD SUPPLEMENTAL APPLICATION

By this third supplemental application, Southern California Edison Company requests authority to enter into and carry out the terms of a supplemental letter agreement dated December 1, 1954, with the City of Azusa. A copy of the agreement marked Exhibit "A" is attached to this application.

This supplemental agreement amends a contract dated December 1, 1947, authorized by Decision No. 41211 and supplemental agreements dated March 15, 1948 and October 31, 1949, which were authorized by Decisions Nos. 41508 and 43693, respectively. Under the contract, applicant presently supplies the total electric energy requirements of the City of Azusa. The City of Azusa owns and operates electric utility properties within the territorial limits of said city except for a substation located at the northwest corner of Angeleno and Santa Fe Avenues in the City of Azusa, which is owned and maintained by the applicant.

In Decision No. 50449 in Application No. 33952, applicant was authorized to negotiate a monthly rental charge for the substation facilities. A monthly rental based upon a formula of 1 1/2% per

month of the recorded book cost of the substation facilities required to be installed from time to time was agreed upon by the applicant and the City of Azusa. In accordance with this formula, the initial monthly rental is stated to be \$426.24 based on a recorded book cost of \$34,099 for existing facilities. The supplemental agreement states that the above rental shall start on September 13, 1954.

Except as supplemented and amended by this agreement, the original contract dated December 1, 1947, as heretofore supplemented and amended shall remain in full force and effect.

The supplemental agreement provides that it shall at all times be subject to such changes and modifications by this Commission as said Commission may, from time to time, direct in the exercise of its jurisdiction.

The Commission having considered the above-entitled application and being of the opinion that the application should be granted and that a public hearing in the matter is not necessary; therefore,

IT IS HEREBY ORDERED that Southern California Edison Company be and it is authorized to carry out the terms of that certain supplemental letter agreement with the City of Azusa dated December 1, 1954, a copy of which is marked Exhibit "A" and attached to the application, to render the service therein specified and to charge and collect the rates stated therein.

IT IS HEREBY FURTHER ORDERED that Southern California Edison Company shall file with this Commission a statement promptly

after termination of said supplemental letter agreement showing the date when said agreement was terminated.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 10<sup>th</sup> day of May, 1955.
