Application No. 35503
 (1st Supplemental)

OPINION AND ORDER ON FIRST SUPPLEMENTAL APPLICATION

By this first supplemental application SOUTHERN CALIFORNIA EDISON COMPANY requests authority to enter into and carry out the terms of a supplemental and amending agreement dated June 10, 1955, with THE COPLEY PRESS, INC. A copy of the agreement, marked Exhibit I, is attached to the application.

This supplemental agreement amends an agreement dated January 1, 1954, the latter having been authorized by Decision No. 50200, dated June 29, 1954, in the above-entitled proceeding. Under the terms of the original agreement, applicant supplies 100 kva of capacity at a nominal three-phase voltage of 480 volts to the customer's television transmitter located 600 feet northwest of the U. S. Weather Bureau Station on Mt. Wilson, California.

Applicant states that the customer's demand for electric energy is substantially increasing and this supplemental and amending agreement provides that applicant will increase its facilities serving the customer from 100 to 185 kva.

Said supplemental agreement also provides that, if the furnishing of electric energy and service to customer should be discontinued for any reason prior to the expiration of 36 months from the effective service date, customer agrees to pay applicant the sum of

\$380, which is deemed to be the cost of installing and removing the additional equipment and facilities necessary to provide service under the supplemental agreement.

The supplemental agreement further provides that customer shall pay for all electric service furnished at the rates and under the terms and conditions set forth in applicant's tariff Schedule A-7, as said schedule now exists or as it may hereafter be modified or superseded.

The agreement contains a provision that it shall at all times be subject to such changes or modifications by this Commission as said Commission may from time to time direct in the exercise of its jurisdiction, and that it shall not become effective until authorized by this Commission.

Except as supplemented and amended by this agreement, the agreement dated January 1, 1954, is to remain in full force and effect.

The Commission having considered the above-entitled application and being of the opinion that the application should be granted and that a public hearing in the matter is not necessary, therefore,

IT IS HEREBY ORDERED that Southern California Edison Company be and it is authorized to carry out the terms of that certain supplemental and amending agreement with The Copley Press, Inc., dated June 10, 1955, a copy of which is marked Exhibit I and attached to the application, to render the service therein specified and to charge and collect the rates stated therein.

IT IS HEREBY FURTHER ORDERED that Southern California Edison Company shall file with this Commission, promptly after termination of said agreement, a statement showing the date when said agreement was terminated.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 23rd day of August, 1955.
