Decision No. 52133

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of HAROLD GROOM, )  
doing business as HAROLD'S ) Application No. 36133  
TRUCKING, to operate a highway )  
common carrier service. )

O P I N I O N

Harold Groom is engaged in the transportation of property in California pursuant to a permit issued by this Commission.

Applicant seeks an order authorizing him to conduct service as a highway common carrier for the transportation of lumber products generally between points in Humboldt, Mendocino and Sonoma Counties and any other point in the State.

Notice of filing of the application was given all common carriers subject to the jurisdiction of this Commission.

Upon consideration of the allegations of the application and the representations filed pursuant to the above-mentioned notice, it appears that as of the date of the filing of the application applicant was conducting his operations within the scope of the permitted authority heretofore issued by this Commission. Such operations not having constituted highway common carriage, the sought certificate of public convenience and necessity is not a requisite for their continuance. The application will therefore be denied.
