Applicant is presently authorized to serve within the City of South San Francisco, between San Francisco and Brisbane, between South San Francisco and Colma, between San Bruno, South San Francisco and the San Francisco Airport, and between Tanforan and Golden Gate National Cemetery.

Applicant alleges that the Municipal Railway of the City and County of San Francisco presently operates over the route for which authority is herein sought; that such line is designated No. 56 Cemeteries Line; that the Public Utilities Commission of the City and County of San Francisco has authorized discontinuance of such service, effective on such date as the commencement of the proposed operation is authorized by the California Public Utilities Commission; that the proposed route will afford service to persons desiring transportation between San Francisco and the cemeteries located along such route; that the proposed route will provide a through service between Daly City and South San Francisco weekdays and Saturdays, none now being available; that a fare of 15 cents will be charged between

all points on the proposed route; that service will be provided daily, commencing at 6:00 a.m. and half hourly thereafter until 6:30 p.m.; that Sunday and Holiday service will begin at 8:00 a.m. and operate until 5:00 p.m.; that his present equipment will be utilized in and is adequate for the proposed service.

The applicant further alleges that copies of the application were served upon Greyhound Bus Lines, Municipal Railway, City of Daly City, Town of Colma and County of San Mateo.

No protests to the granting of the application were received.

Under the circumstances here disclosed the Commission is of the opinion, and so finds, that public convenience and necessity require that the application be granted. A public hearing is not necessary.
