Application No. 32653
 (Third Supplemental)

ORDER OF DISMISSAL

James Grifall, Charles Grifall, and John Grifall, by petition filed on September 23, 1954 requested authority to charge less than the minimum rates applicable to the transportation of calcined dolomite from Natividad and Moss Landing to Salinas for Kaiser Aluminum & Chemical Corporation, for a period of one year or longer.

By Decision No. 50624, dated October 5, 1954, such authority was granted to December 21, 1954 unless sooner changed or further extended by order of the Commission.

It appears that such authority was not sooner changed or further extended by order of the Commission. It further appears that applicants have advised the Commission in writing that they had decided not to proceed with the application; therefore,

IT IS ORDERED that Application No. 32653 (Third Supplemental) is dismissed.

Dated at Los Angeles, California, this 31st day of January, 1956.
