Decision No. 52803

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application)
of VINCENT DURKEE to operate a) Application No. 35912
highway common carrier service.)

OPINION ON PETITION FOR MODIFICATION

Applicant originally commenced this proceeding by a filing under Decision No. 50448 (Case No. 5478) on November 3, 1954. By Decision No. 52113 herein, on October 18, 1955, the sought authority was denied. The reason for denial was that the standards of proof set up by Decision No. 50448 were not fully met.

On January 16, 1956 applicant filed the instant petition. In form the request is one for reconsideration of Decision No. 52113. The petition, however, changes the original request quite substantially. The request is now for an operating right within the San Francisco-East Bay Cartage Zone as defined by Decision No. 50872 in Case No. 5535. The Commission will, accordingly, treat this as a new cartage zone application.

Prior to 1953 Durkee operated as a contract carrier. In 1953 he was passing into the twilight zone between contract operation and certificated operation. Since then his operations, as evidenced by fleet growth and increase in gross revenue, have expanded. The steady rise in revenue, the expansion of the fleet by cash transactions and the long-continued profitable operation indicate fitness for the public service. Such evidence reveals a management which has been, and therefore probably will continue to be, capable of solving the problems presented to it by the responsibilities it seeks to assume.

The evidence shows that applicant has the necessary financial ability, facilities, equipment, experience and personnel to undertake the proposed service. It further shows that the growth of San Francisco-East Bay communities has increased the over-all requirements for common carrier service and has resulted in increased demand for applicant's services. Public convenience and necessity require that the application be granted. A public hearing is not necessary.

Applicant is placed upon notice that operative rights, as such, do not constitute a class of property which may be capitalized or used as an element of value in rate fixing for any amount of money in excess of that originally paid to the State as the consideration for the grant of such rights. Aside from their purely permissive aspect, such rights extend to the holder a full or partial monopoly of a class of business over a particular route. This monopoly feature may be changed or destroyed at any time by the State, which is not in any respect limited as to the number of rights which may be given.

O R D E R

Application having been filed and the Commission having considered the same and basing its decision on the findings and conclusions set forth in the foregoing opinion, therefore,

IT IS ORDERED:

1. That a certificate of public convenience and necessity is hereby granted to Vincent Durkee authorizing the establishment and operation of a service as a highway common carrier, as defined in Section 213 of the Public Utilities Code, for the transportation of the commodities shown in Appendix "B" between the points set forth in Appendix "A", each of which appendices

is attached hereto and by this reference made a part of this order.

2. In providing service pursuant to the authority herein granted applicant shall comply with the following service regulations:

- a. Within thirty days after the effective date hereof, applicant shall file a written acceptance of the certificate herein granted. By accepting the certificate of public convenience and necessity herein granted, applicant is placed upon notice that he will be required, among other things, to file annual reports of his operations and comply with and observe the safety rules and other regulations of the Commission's General Order No. 99. Failure to file such reports, in such form and at such time as the Commission may direct, or to comply with and observe the provisions of General Order No. 99, may result in a cancellation of the operating authority granted by this decision.
- b. Within sixty days after the effective date hereof, and upon not less than ten days' notice to the Commission and the public, applicant shall establish the service herein authorized and comply with the provision of General Order No. 80 by filing in triplicate and concurrently making effective tariffs satisfactory to the Commission.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 19th day of March, 1956.

LIMITS OF SAN FRANCISCO - EAST BAY CARTAGE ZONE

Decision No. 58863

Dated MAR 19 1956

Application No. 35912

APPENDIX B

The certificate of public convenience and necessity granted to Vincent Durkee by the above-numbered decision, authorizes him to transport general commodities subject to the following conditions:

Applicant shall not transport any shipments of:

1. Used household goods and personal effects not packed in accordance with the crated property requirements set forth in paragraph (d) of Item No. 10-C of Minimum Rate Tariff No. 4-A.
2. Automobiles, trucks and buses, viz.: new and used, finished or unfinished passenger automobiles (including jeeps) ambulances, hearses and taxis; freight automobiles, automobile chassis, trucks, truck chassis, truck trailers, trucks and trailers combined, buses, bus chassis.
3. Livestock, viz.: bucks, bulls, calves, cattle, cows, dairy cattle, ewes, goats, hogs, horses, kids, lambs, oxen, pigs, sheep, sheep camp outfits, sows, steers, stags or swine.
4. Commodities requiring the use of special refrigeration or temperature control in specially designed and constructed refrigerated equipment.
5. Liquids, compressed gases, commodities in semiplastic form and commodities in suspension in liquids in bulk, in tank trucks, tank trailers, tank semitrailers or a combination of such highway vehicles.
6. Commodities when transported in bulk in dump trucks or in hopper type trucks.
7. Commodities when transported in motor vehicles equipped for mechanical mixing in transit.
8. Explosives.
9. Furniture.

Applicant shall conduct operations over and along any and all streets, roads, highways and bridges.
