Decision No. 52852

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of INTERLINES MOTOR EXPRESS, to estab- lish joint rates with EL DORADO MOTOR TRANSPORTATION CO.)))	Application No. 37818
---	-------	-----------------------

OPINION AND ORDER

Applicants are highway common carriers of general commodities. Interlines Motor Express operates between San Francisco, Oakland, Sacramento, Redding, Alturas, Weaverville and certain intermediate points. El Dorado Motor Transportation Co. operates between Sacramento and Placerville, Jackson, Lincoln and Plymouth.

By this application authority is sought to extend existing joint through rate arrangements to include additional points which El Dorado Motor Transportation Co. has been authorized to serve. Authority is also sought to depart from the long and short haul provisions of the Constitution and of the Public Utilities Code to the extent necessary to establish the joint rates. The freight would be interchanged at Sacramento.

The proposed rates are on the same level as the minimum class rates named in Minimum Rate Tariff No. 2. Service over applicants' lines between the points involved is now subject to combinations of their local rates. These combination rates are higher than the proposed joint rates. Applicants represent that it will be advantageous to the public to be able to make through shipments over their lines under the lower rates.

Competing carriers have been notified of the filing of the application. No objection has been received.

It appears that the establishment of the proposed through service, through routes and joint rates, on ten days' notice, is not adverse to the public interest and should be authorized. A public hearing is not necessary.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that applicants be and they are hereby authorized to establish, on not less than ten days' notice to the Commission and the public, the through service, through routes and joint rates proposed in the above-entitled application; and to depart from the provisions of Article XII, Section 21, of the Constitution of the State of California and Section 460 of the Public Utilities Code to the extent necessary to establish the rates authorized herein.

IT IS HEREBY FURTHER ORDERED that the authority herein granted shall expire unless the authorized rates are made effective within sixty days after the effective date of this order.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California, this 3rd day of April, 1956.
