(Electric)

Application No. 37624

F. T. Searls and Malcolm A. MacKillop, for applicant.

<u>OPINION</u>

Pacific Gas and Electric Company, by the above-entitled application filed December 27, 1955, asks for a certificate of public convenience and necessity to exercise the rights and privileges of a franchise granted by the County of Santa Cruz, permitting the installation, maintenance and use of an electric distribution and transmission system upon the public streets of said county. A public hearing was held before Examiner Daly on April 24, 1956 at San Francisco.

The franchise referred to, a copy of which is attached to the application and designated as Exhibit A, was granted by the county in accordance with the Broughton Act, and is of indeterminate duration. A fee is payable annually to the county equivalent to 2 per cent of the gross receipts arising from the use, operation or possession of the franchise.

The costs incurred by applicant in obtaining the franchise are stated to have been \$2,194.05, which amount does not include costs incident to this application.

IT IS HEREBY FURTHER ORDERED:

- That Pacific Gas and Electric Company shall not exercise said franchise for the purpose of supplying electricity in those parts or portions of Santa Cruz County not now served by it except through extensions of its existing system made in the ordinary course of business as contemplated by Section 1001 of the Public Utilities Code; and
- 2. That the Commission may hereafter by appropriate proceeding and order limit the authority herein granted to applicant as to any territory within said county not then being served by it.

The effective date of this order shall be twenty days after the date hereof.
