highway common carrier.)	

O P I N I O N

Don H. Hawkey is engaged in the transportation of property in California pursuant to permits issued by this Commission.

Applicant seeks an order authorizing him to conduct service as a highway common carrier for the transportation of general commodities subject to certain exceptions, generally between Los Angeles Basin and the California-Oregon state line.

Notice of filing of the application was given all common carriers subject to the jurisdiction of this Commission.

Upon consideration of the allegations of the application and the representations filed pursuant to the above-mentioned notice, the Commission finds that public convenience and necessity require that the application be granted to the extent set forth in the ensuing order. It appears that applicant possesses the experience, equipment, personnel and financial resources to institute and maintain the operation authorized herein. A public hearing is not necessary.

Applicant is hereby placed on notice that operative rights, as such, do not constitute a class of property which may be capitalized or used as an element of value in rate fixing for any amount of money in excess of that originally paid to the State as

the consideration for the grant of such rights. Aside from their purely permissive aspect, such rights extend to the holder a full or partial monopoly of a class of business over a particular route. This monopoly feature may be changed or destroyed at any time by the State, which is not in any respect limited as to the number of rights which may be given.

O R D E R

The Commission has considered the application and representations filed herein, Now Therefore

IT IS ORDERED:

(1) That a certificate of public convenience and necessity is granted to Don H. Hawkey, authorizing him to operate as a highway common carrier as defined by Section 213 of the Public Utilities Code for the transportation of property between the points and over the routes as more particularly set forth in Appendix A and Appendix B attached hereto and made a part hereof.

Failure to file such reports, in such form and at such time as the Commission may direct, or to comply with and observe the provisions of General Order No. 99, may result in a cancellation of the operating authority granted by this decision.

(b) Within sixty days after the effective date hereof, and on not less than ten days' notice to the Commission and the public, applicant shall establish the service herein authorized and file in triplicate, and concurrently make effective, tariffs satisfactory to the Commission.
