O R D E R

By this application, Pacific Greyhound Lines has requested an order authorizing the installation of "exempt signs" at Crossing No. 5C-8.4-C, the intersection of Bridgeway Boulevard with track of Northwestern Pacific Railroad Company in Sausalito, Marin County.

It appears that said track is a spur track as indicated in Section 576(d) of the Vehicle Code. The railroad, Marin County Board of Supervisors and the Sausalito City Council have no objection to this application. Therefore,

IT IS ORDERED that approval is hereby granted for the display of distinctive "exempt signs" (Vehicle Code Section 576(d)) at the indicated grade crossing.

Such signs shall comply with Section 16.05 of General Order No. 98 and shall be erected and maintained by the proper authorities. If any sign is removed or the view thereof obstructed, the driver of any vehicle as described in Section 576(a) (Vehicle Code) shall comply with the requirements of Section 576(a) (Vehicle Code) as prescribed for grade crossing locations without "exempt signs". Within thirty days after erection of such signs applicant shall

so advise the Commission in writing. This approval does not exempt
any vehicle operator from the observance of any provision of the
Vehicle Code and shall lapse if signs are not displayed within one
year unless time be extended or if above conditions are not complied
with. Approval may be revoked or modified if public convenience,
necessity or safety so require.

This order shall be effective immediately.
