Application No. 37097

FIRST SUPPLEMENTAL OPINION AND ORDER

By its amendment to the above-entitled application filed September 11, 1956, Dyke Water Company, a corporation, seeks authority to extend its water system into, and to furnish water service to, 400 acres, the location of which is shown on Exhibit "I" attached to said amendment. This area is located north of Garden Grove Boulevard, west of Hansen Street to slightly beyond a northerly extension of Bolsa Chica Road.

By Decision No. 53858 dated October 1, 1956, in the above-numbered application the Commission established spheres of operations for applicant, Pacific Water Co., and Southern California Water Company in southwestern Orange County, and restricted applicant from extending its water service beyond the boundaries of its sphere of operations without further order of the Commission.

The area applied for by Dyke Water Company in its amended application herein being considered lies outside Dyke's sphere of

operations and within Southern California Water Company's sphere of operations, and within an area certificated to Southern California Water Company.

Public hearings having been held on the overlapping applications of Dyke Water Company and Southern California Water Company to serve the area shown in Exhibit "I", the Commission having granted a certificate to Southern California Water Company covering such area by Decision No. 53856 dated October 1, 1956, in Application No. 37172, and good cause appearing therefor,

IT IS HEREBY ORDERED that the amendment to Application No. 37097 of Dyke Water Company filed September 11, 1956, be and it is ~~dismissed~~ ^{denied}.
