THIRTEENTH SUPPLEMENTAL OPINION AND ORDER

Applicant holds city and highway contract carrier permits. It transports structural materials and babbitt metal for Joseph T. Ryerson & Son, Inc., between the latter's Los Angeles plant and points in Los Angeles, Kern, Orange, Riverside, San Bernardino, San Diego and Ventura counties. Prior orders in this proceeding have authorized it, under Section 3666 of the Public Utilities Code, to observe monthly and hourly rates in lieu of the minimum rates in cents per 100 pounds otherwise applicable to this transportation. The authority is scheduled to expire February 28, 1957.

Permission is now sought to continue to deviate from the minimum rates for a further one-year period. Applicant proposes that the authorized rates be increased to the level of the current monthly and hourly minimum rates applicable to similar transportation within Los Angeles and Orange Counties.

The supplemental application states that the conditions which justified deviation from the minimum rates still obtain, and that the previously authorized rates as proposed to be adjusted herein may reasonably be expected to result in profitable operations during the ensuing year.

In the circumstances it appears, and the Commission finds, that the proposed rates are reasonable. This is a matter in which a public hearing is not necessary. The supplemental application will be granted. In view of the expiration date of the present authority the order will be made effective February 28, 1957.

Therefore, good cause appearing,

IT IS HEREBY ORDERED:

(1) That Decision No. 43790 of February 7, 1950, as amended, in this proceeding, be and it is hereby further amended by substituting for Appendix "A-3" thereof Appendix "A-4" attached hereto and by this reference made a part hereof.

(2) That the expiration date of the authority granted by said Decision No. 43790, as further amended herein, be and it is hereby extended to February 28, 1958, unless sooner changed or further extended by order of the Commission.

(3) That any transportation performed by applicant as a common carrier of the same commodities between the same points shall be cause for revocation of the authority herein granted.

This order shall become effective February 28, 1957.

Dated at San Francisco, California, this 11th day of February, 1957.
