Decision No. 54513

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)	
OREGON NEVADA CALIFORNIA FAST FREIGHT,)	
INC., to establish joint rates with)	Application No. 38732
DELTA LINES, INC. and PENINSULA MOTOR)	
EXPRESS.)	

OPINION AND ORDER

Applicants are highway common carriers of general commodities. Oregon Nevada California Fast Freight, Inc., operates, among other places, generally between San Francisco-Oakland and Tehama and Hilt and intermediate points. Delta Lines, Inc., operates, among other places, generally between San Francisco-Oakland and Gilroy and intermediate points. Peninsula Motor Express operates generally between San Francisco-Oakland and San Jose-Los Gatos and intermediate points. By this application authority is sought to establish, on less than statutory notice, through service, through routes and joint rates. The freight would be interchanged at San Francisco or Oakland.

The proposed rates are on the same level as the minimum class rates named in Minimum Rate Tariff No. 2. Service over applicants' lines between the points involved is now subject to combinations of their local rates. These combination rates are higher than the proposed joint rates. Applicants represent that it will be advantageous to the public to be able to make through shipments over their lines under the lower rates. Applicants propose to originate traffic at points served by Oregon Nevada California Fast Freight, Inc., and transport it under through rates to points served by the other applicants, and vice versa.

Competing carriers have been notified of the filing of the application. No objection has been received.

It appears that the establishment of the proposed through service, through routes and joint rates, on ten days' notice, is not adverse to the public interest and should be authorized. A public hearing is not necessary.

Therefore, good cause appearing,

IT IS HEREBY ORDERED:

(1) That applicants be and they are hereby authorized to establish, on not less than ten days' notice to the Commission and the public, the through service, through routes and joint rates proposed in the above-entitled application.

(2) That the authority herein granted be and it hereby is limited to the extent that it may be exercised in conformity with the provisions of Article XII, Section 21, of the Constitution of the State of California and Section 460 of the Public Utilities Code and that the authority shall not be construed as relieving applicants from the operation and requirements of said provisions of the Constitution and of the Public Utilities Code to any extent whatsoever.

(3) That the authority herein granted shall expire unless the authorized rates are made effective within sixty days after the effective date of this order.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California, this 11th day of February, 1957.
