ing an Agreement between Applicant)	Application No. 38898
and Laurel School District for an)	
extension of service by Applicant to)

OPINION AND ORDER

By this application, filed on March 8, 1957, Southern California Water Company,^{1/} a corporation, seeks authority to carry out the terms and conditions of an agreement dated May 5, 1952, with Laurel School District,^{2/} a political subdivision of the State of California. The subject agreement relates to the installation of approximately 1,100 feet of 6-inch cast-iron water main to serve Lexington School in Applicant's Los Alamitos District, Orange County.

The agreement, a copy of which is attached to the application as Exhibit A, deviates from Applicant's filed main extension rule, in effect at the time the agreement was signed, in that it contains no provision for the adjustment of the amount advanced to the actual installed cost of the extension.

However, it is alleged in the application that Applicant has made such an adjustment by refunding to District an amount of \$914.74 in December, 1955. It is further alleged that this refund represented the difference between the advance of \$3,556 and the actual construction cost applicable thereto of \$2,641.26.

^{1/} Sometimes hereinafter referred to as Applicant.
^{2/} Sometimes hereinafter referred to as District.

While the agreement does not contain a clause as required by Section X of General Order No. 96 to the effect that this contract shall at all times be subject to such changes or modifications as the Commission, from time to time, may direct in the exercise of its jurisdiction, the fact that such clause is not included does not in any way exempt Applicant or the subject agreement from the Commission's continuing jurisdiction in this matter.

The Commission having considered the application and being of the opinion that the agreement is not adverse to the public interest, that a public hearing is not necessary and that the application should be granted; therefore,

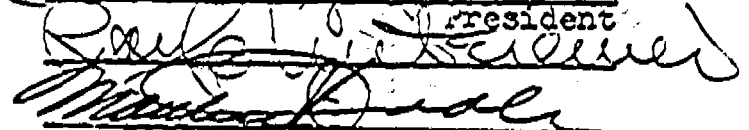

IT IS HEREBY ORDERED that Southern California Water Company, a corporation, is authorized to carry out the terms and conditions of the written agreement dated May 5, 1952, with Laurel School District.

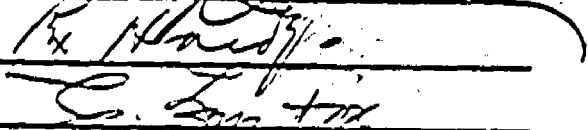

IT IS HEREBY FURTHER ORDERED that Southern California Water Company shall file within thirty days after the effective date of this order two certified copies of the agreement as executed, together with a statement of the date on which the agreement was deemed to have become effective.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 4th day of JUNE, 1957.
