Decision No. 55167

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
SOUTHERN PACIFIC COMPANY to estab-) Application No. 39077
lish pickup and delivery limits at)
Reyes, California.)

OPINION AND ORDER

Applicant seeks authority to establish a pickup and delivery zone at Reyes, Los Angeles County, and to apply Reyes rates to the territory.

The application states that there are now no established pickup and delivery limits at Reyes; that all of the proposed zone is within three miles of Reyes; and that the proposed zone embraces a new industrial tract in which six firms have completed construction of their plants and an additional five plants are in the process of construction. It also states that there are no industries, plants or persons similarly situated in contiguous territory which is a part of the same industrial or business development not receiving similar service. Because of the relatively short distances involved, resulting deviations from the established minimum rates would be slight.

Competing carriers have been notified of the filing of the application. No objection has been received.

It appears that this is a matter in which a public hearing is not necessary and that the granting of the sought authority is justified.

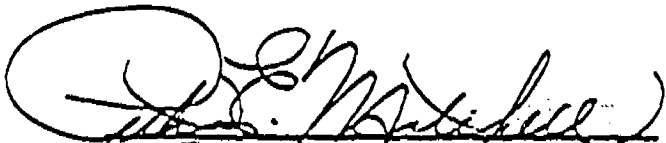

Therefore, good cause appearing,

IT IS HEREBY ORDERED that applicant be and it is hereby authorized to establish a pickup and delivery zone at Reyes as requested and to establish for the transportation involved, not earlier than five days after the effective date of this order and on not less than five days' notice to the Commission and the public, rates no lower than those prescribed for like transportation to and from Reyes.

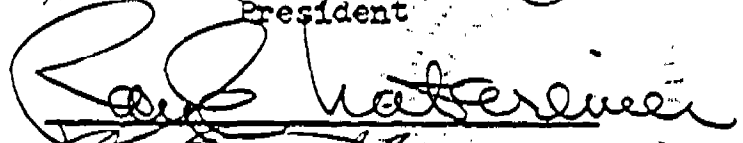

IT IS HEREBY FURTHER ORDERED that the authority herein granted shall expire unless exercised within sixty days after the effective date of this order.

This order shall become effective twenty days after the date hereof.

Dated at Los Angeles, California, this 25th day of June, 1957.
