Application No. 39110

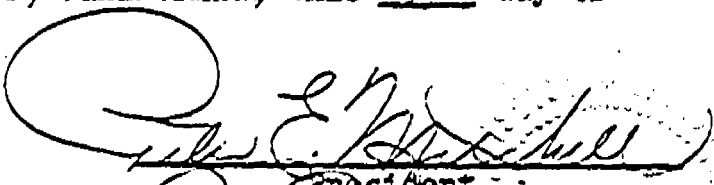

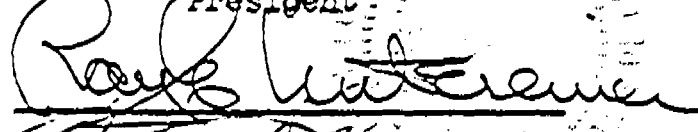

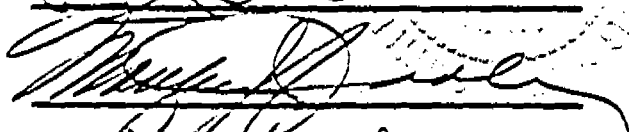

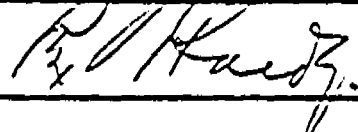

ORDER OF DISMISSAL

By this application authority is sought to enlarge Delta Lines, Inc., pickup and delivery limits at Ione. The sought extension would embrace an industrial plant located 3.5 miles northwest of Ione. Access, thereto, is over a portion of State Highway No. 104, over which portion applicant is not authorized to operate.

Delta's operating right to serve Ione was granted by Decision No. 46075 of August 14, 1951, in Application No. 31497. This decision did not grant any lateral right and thus the extended territory is not within the scope of Delta's operating authority. Also, the extended territory is beyond three miles of Ione and, accordingly, the sought extension of pickup and delivery limits is not possible under Section 1063 of the Public Utilities Code. The sought authority involves an extension of operating rights rather than an extension of pickup and delivery limits. The application will be dismissed.

IT IS HEREBY ORDERED that the above-entitled application be and it is hereby dismissed.

Dated at Los Angeles, California, this 25<sup>th</sup> day of June, 1957.
