

Decision No. 55436

**ORIGINAL**

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application )	
of Charles Meek D/B/A C & M )	
Trucking Company for authority )	Application No. 39288
to amend the pickup and delivery )	
limits of the city of San Jose. )	

OPINION AND ORDER

Applicant is a highway common carrier of certain commodities between San Jose and various other points. By this application he seeks authority to enlarge his pickup and delivery zone at San Jose and to apply the San Jose rates to the enlarged territory.

The application shows that the area proposed to be added to the present zone is contiguous to and a part of the community and that this area is situated within three miles of the corporate limits. Applicant states that because of the relatively short distances involved, the resulting deviations from the established minimum rates would be slight.

Competing carriers have been notified of the filing of the application. No objection has been received.

It appears that this is a matter in which a public hearing is not necessary and that the granting of the sought authority is justified.

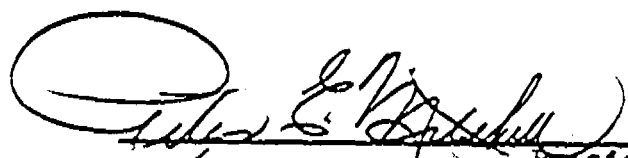

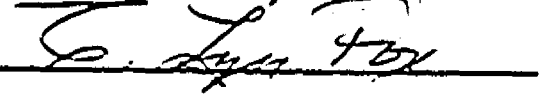

Therefore, good cause appearing,

IT IS HEREBY ORDERED that applicant be and he is hereby authorized to enlarge his pickup and delivery zone at San Jose as requested and to establish for the transportation involved rates no lower than those prescribed for like transportation to and from San Jose.

IT IS HEREBY FURTHER ORDERED that the authority herein granted shall expire unless exercised within ninety days after the effective date of this order.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California, this 30th day of August, 1957.
