Decision No. 55460

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application)
of Romeo Le Mon for exemption)
from the provisions of General) Application No. 39296
Order 84C regarding C.O.D. Bond.)

OPINION AND ORDER

Applicant holds city and highway carrier permits. By Decision No. 53718 of September 4, 1956, in Application No. 38352, he was authorized to handle C.O.D. (collect on delivery) shipments for Pacific Guano Company without securing and filing the bond required by General Order No. 84C. This authority is scheduled to expire September 4, 1957. Applicant now seeks extension of the authority. The shipper involved has voluntarily waived the protection afforded by the C.O.D. bond.

It appears that this is a matter in which a public hearing is not necessary and that an extension of relief from the bond filing requirements is justified. Because the conditions under which the C.O.D. service in question is performed may change, the extension will be limited to a one-year period, subject to such further change as circumstances may require. In view of the expiration date of the present authority, the order herein will be made effective September 4, 1957.

Therefore, good cause appearing,

A. 39296-AMS

IT IS HEREBY ORDERED that Romeo Le Mon be and he is hereby authorized to handle C.O.D. shipments for Pacific Guano Company without providing and filing the bond required by General Order No. 84C; that this authority shall expire one year after the effective date of this order, unless sooner canceled, changed or extended by order of the Commission; and that, in all other respects, the rules and regulations set forth in General Order No. 84C shall govern the C.O.D. services involved in this proceeding.

This order shall become effective September 4, 1957.

Dated at Los Angeles, California, this 27th day of August, 1957.
