Case No. 5895

SUPPLEMENTAL ORDER SETTING ASIDE SUSPENSION
AND RESTORING PERMIT

Decision No. 55026, dated May 21, 1957, in this proceeding ordered Radial Highway Common Carrier Permit No. 19-49173, issued to John M. Van Surksum and Dolores R. Van Surksum, co-partners, suspended for a period of ten days. It was further ordered that the suspension remain in effect beyond said ten-day period until such time as this Commission set aside the suspension and restored the permit. Restoration of said permit was to be predicated upon a satisfactory showing in writing to this Commission by respondents that they have "(a) collected, or have taken appropriate action or measures to collect, all undercharges as hereinabove set forth; (b) commenced an audit of their transportation operations during the life of their permit and, within 30 days after the completion of said audit, but not later than 90 days after the effective date of this order, have collected or have taken appropriate steps to collect, all undercharges arising out of their transportation operations during the life of their permit."

Respondents have submitted to this Commission satisfactory evidence in writing that they have complied with the above-quoted terms of Decision No. 55026.

It appears that this is a matter in which a public hearing is not necessary and that the suspension should be set aside and the permit restored.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that the portion of Decision No. 55026, dated May 21, 1957, suspending Radial Highway Common Carrier Permit No. 19-49173, issued to John M. Van Surksum and Dolores R. Van Surksum, a partnership, be, and it hereby is, set aside and that said permit be, and it hereby is, restored.

This order shall become effective upon the date hereof.

Dated at San Francisco, California, this 17th day of September, 1957.
