SUPPLEMENTAL OPINION AND ORDER

Decision No. 55704 of October 15, 1957, in this proceeding, established various changes in the minimum class rates and charges in Minimum Rate Tariff No. 2. Commodity rates were not involved. Inadvertently, however, one of the ordering paragraphs (No. 4) would authorize certain indefinite increases in commodity rates and charges on commodities for which no minimum rates are applicable, as follows:

"4. That said common carriers, except common carriers by railroad, be and they are hereby authorized to establish in their tariffs increases in commodity rates and charges maintained for the transportation of property: (a) for which minimum rates have not been established for highway carriers, and (b) between points for which no minimum rates have been established for highway carriers; but that such increases shall be no greater in volume or effect than the increases prescribed in paragraph 1 of this order."

In the circumstances, it appears, and the Commission finds, that the ordering paragraph in question should be canceled. The order herein will be made effective November 4, 1957, the same date as Decision No. 55704, supra, becomes effective.

Therefore, good cause appearing,

IT IS HEREBY ORDERED:

That ordering paragraph number 4 of Decision No. 55704 of October 15, 1957, in this proceeding, be and it is hereby canceled.

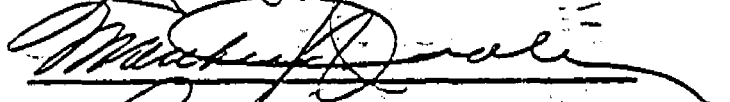

In all other respects, said Decision No. 55704 shall remain in full force and effect.

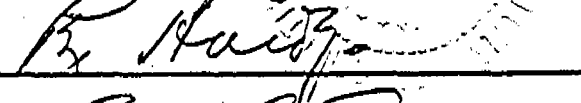

This order shall become effective November 4, 1957.

Dated at San Francisco, California, this 22 day of October, 1957.

President
