BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
 SANTA BARBARA TRANSIT COMPANY for a)
 change in routes to comply with)
 one-way street requirements in the)
 City of Santa Barbara, California.)

Application No. 39038
 (Amended)

O P I N I O N

Santa Barbara Transit Company presently rendering a passenger stage service in the City of Santa Barbara requests that its operating authority be redescribed.

As justification for the authority sought it is alleged that on January 10, 1957, the City of Santa Barbara enacted Ordinance No. 2587 designating certain streets as one-way. In addition to complying with the Ordinance applicant wishes to correct certain route discrepancies.

After consideration the Commission is of the opinion and so finds that public convenience and necessity require the granting of the authority sought. A public hearing does not appear to be necessary.

O R D E R

Application having been filed and the Commission being informed in the premises,

IT IS ORDERED that Appendix A of Decision No. 53442 dated July 16, 1956, in Application No. 37770 is hereby amended by substituting First Revised Pages 3, 4, 5, 6, 7, 8, 9, 10 and 11 attached

hereto and by reference made a part hereof in the place and stead of Original Pages 3, 4, 5, 6, 7, 8, 9, 10 and 11.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 21st day of January, 1958.
