SUPPLEMENTAL OPINION AND ORDER

Decision No. 54164 of January 28, 1958, in this proceeding, authorized Pacific Truck Service, Inc., a highway common carrier, to continue in its tariff a certain reduced rate for the transportation of petroleum fuel oil in tank trucks. The decision also amended Minimum Rate Tariff No. 6 by incorporating therein the same rate.

California Trucking Associations, Inc., filed a petition for rehearing on February 5, 1958, with respect to that portion of the decision which establishes the rate in Minimum Rate Tariff No. 6. Decision No. 54164 now stands suspended until the petition is granted or denied (Public Utilities Code, Sec. 1733). Inasmuch as the petition is directed only to the incorporation of the rate into Minimum Rate Tariff No. 6, the following order will approve the tariff publication already made by Pacific Truck Service, Inc. pursuant to said Decision No. 54164. A supplement to Minimum Rate Tariff No. 6 will be issued to give notice of the automatic suspension pending consideration of the petition for rehearing.

Inasmuch as the tariff pages were issued to become effective on February 17, 1958, the following order will be made effective immediately.

Therefore, good cause appearing,

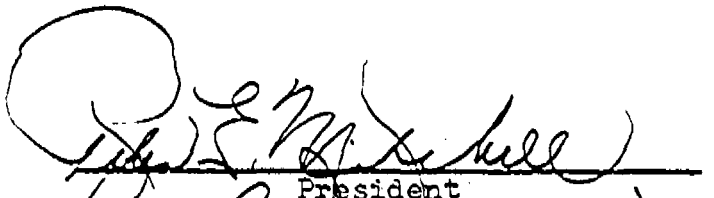

IT IS ORDERED:

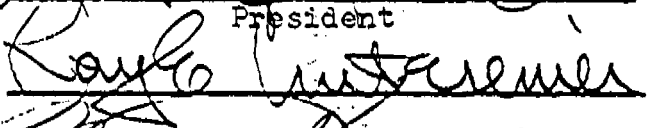

(1) That 16th Revised Page 96 of Western Motor Tariff Bureau, Inc. Local Freight Tariff No. 3-D, Cal. P.U.C. No. 25, issued by W. J. Knoell, issuing officer, is hereby approved and accepted for filing.

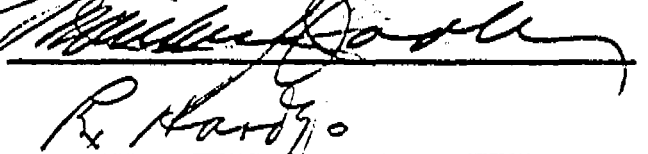

(2) That Minimum Rate Tariff No. 6 (Appendix "C" of Decision No. 32608, as amended,) is hereby further amended by incorporating therein, Supplement No. 8, which supplement is attached hereto and by this reference made a part hereof.

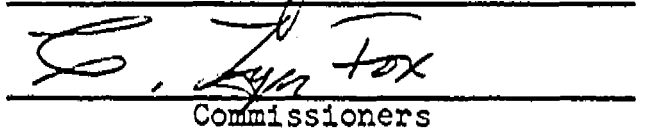

This order shall become effective on the date hereof.

Dated at San Francisco, California, this 17th day of February, 1958.
