Application No. 39632

O P I N I O N

Applicant filed its verified application requesting the Commission to cancel an operating right created by Decision No. 20279. The applicant alleges that the right authorized applicant to perform pickup and delivery service for a railroad company between San Francisco and San Bruno; that no service under this authority is now being performed.

The Commission is of the opinion and finds that public convenience and necessity no longer require the service in question. A public hearing is not necessary.

O R D E R

The Commission having considered the application and good cause appearing,

IT IS ORDERED that the certificate of public convenience and necessity heretofore granted to Walkup Drayage and Warehouse Company,

a corporation, by Decision No. 20279, dated September 28, 1928, in Application No. 14791, is hereby revoked and all effective tariffs on file with the Commission in the name of Walkup Drayage and Warehouse Company are hereby canceled.

The effective date of this order shall be twenty days after the date hereof.
