

Decision No. 56590**ORIGINAL**

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of	)	
LEWIS RODGERS, an individual doing	)	
business as FRESNO-BASS LAKE FREIGHT	)	Application No. 39897
LINES, for authority to extend	)	
operation as a common carrier.	)	

O P I N I O N

Lewis Rodgers doing business as Fresno-Bass Lake Freight Lines, presently rendering service as a highway common carrier between Fresno, Wawona, Sugarpine, Bass Lake, North Fork and intermediate points requests authority to extend service on an on-call basis to such points as Beasore Meadow, Hogue Ranch, Soda Springs, Logan Meadow, Fuller Meadow, Arnold Meadow, Forked Meadow, Long Meadow, Mammoth Pool, Placer Guard Station, Italian Bar and Dam No. 7.

As justification for the authority sought applicant alleges that these smaller communities are dependent upon service between Fresno and other points that he is authorized to serve; that no present service is provided and that he has received numerous requests to serve the small communities, ranches, and mills located northeast of Fresno.

After consideration the Commission is of the opinion and so finds that public convenience and necessity require the granting of the authority sought. A public hearing does not appear to be necessary. For the purpose of convenient maintenance of records an in-lieu certificate will be issued in an appendix form.

O R D E R

Application having been filed and the Commission being informed in the premises,

IT IS ORDERED:

(1) That a certificate of public convenience and necessity is hereby granted to Lewis Rodgers, authorizing service as a highway common carrier for the transportation of property between the points and over the routes as set forth in Appendix A attached hereto.

(2) That in providing service pursuant to the certificate herein granted, applicant shall comply with and observe the following service regulations:

- (a) Within thirty days after the effective date hereof applicant shall file a written acceptance of the certificate herein granted. By accepting the certificate of public convenience and necessity herein granted, applicant is placed on notice that it will be required, among other things, to file annual reports of its operations and to comply with and observe the safety rules and other regulations of the Commission's General Order No. 99. Failure to file such reports, in such form and at such time as the Commission may direct, or to comply with and observe the provisions of General Order No. 99, may result in a cancellation of the operating authority granted by this decision.
- (b) Within sixty days after the effective date hereof, and on not less than ten days' notice to the Commission and the public, applicant shall establish the service herein authorized and file in triplicate, and concurrently make effective, amendments to its tariffs satisfactory to the Commission to reflect the authority herein granted.

(3) That the operative rights granted by Decision No. 40885 dated November 11, 1947, in Application No. 28755<sup>3</sup> are hereby revoked.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 22nd day of APRIL, 1958.
