

ORIGINALDecision No. 56907

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
 GIBSON LINES, a corporation, for an)
 order authorizing extension of tempo-) Application No. 40082
 rary suspension of service for one (1))
 more additional year between Marysville)
 and Camp Beale.)

O P I N I O N

Gibson Lines, a corporation, requests authority to suspend its passenger stage service to and from Beale Air Force Base, near Marysville, for one additional year.^{1/} As justification, applicant alleges that it has reason to believe that Camp Beale will be activated within one year. Prior to such reactivation, a maintenance force of about 100 men is being retained there. They have no substantial need for public transportation.

After full consideration, the Commission finds that public convenience and necessity will be subserved by granting applicant's request. A public hearing appears unnecessary.

O R D E R

An application therefor having been filed, the Commission being fully informed, and good cause appearing,

IT IS ORDERED:

1. That Gibson Lines, a corporation, is authorized to continue suspension of passenger stage service to and from Beale Air Force Base until July 1, 1959.
2. That applicant shall post an appropriate notice of this additional suspension of operations, as herein authorized, at its Marysville and Sacramento stations for a minimum of five days next preceding said suspension of operations.

1/ Decision No. 55269 dated July 15, 1957, in Application No. 39113.

3. That, on not less than five days' notice to the Commission and to the public, applicant shall file appropriate tariffs and timetables in triplicate reflecting the authority herein granted which tariffs and timetables shall be satisfactory to the Commission.

The effective date of this decision shall be ten days after the date hereof.

Dated at San Francisco, California, this 1st day of July, 1958.
