

Decision No. 57189**ORIGINAL**

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of the State of
 California, Department of Public
 Works, for an order authorizing
 the widening of an existing
 crossing at separated grades
 which separates State Highway
 VIII-Riv-19-D from the tracks
 of the Southern Pacific Company,
 in Riverside County, sometimes
 referred to as the "Beaumont
 Overhead".

Application No. 39928

FIRST SUPPLEMENTAL ORDER

By Decision No. 56742 the Department of Public Works of the State of California was authorized to widen the existing "Beaumont Overhead" (Crossing No. B-561.3-A) over Southern Pacific Company's El Paso Route by the construction of a second one-way separation structure with a 44-foot roadway. Under its first supplemental application filed in this proceeding, applicant seeks authority to construct a 37-foot roadway instead of the 44-foot width previously provided for. This does not appear to be a matter in which a public hearing is necessary.

Good cause appearing IT IS ORDERED that the second sentence of the order in Decision No. 56742, dated May 27, 1958, be and it is hereby amended to read as follows:

Construction shall be in the manner described in Exhibit "A" and as shown on Exhibit "B" in the application as revised by the first supplemental application filed July 1, 1958.

In all other respects, Decision No. 56742 shall remain in full force and effect.

Dated at San Francisco, California, this 19th day of August, 1958.
