 Co., interested party.

O P I N I O N

Pacific Gas and Electric Company, by the above-entitled application filed July 7, 1958, asks for a certificate of public convenience and necessity to exercise the rights and privileges of a franchise granted by the County of Madera, permitting the installation, maintenance and use of an electric distribution and transmission system upon the public streets of said county. A public hearing was held before Examiner Thomas E. Daly on October 21, 1958, at San Francisco.

The franchise referred to, a copy of which is attached to the application and designated as Exhibit A, was granted by the county in accordance with the Broughton Act, and is of indeterminate duration. A fee is payable annually to the county equivalent to two per cent of the gross receipts arising from the use, operation or possession of the franchise.

The costs incurred by applicant in obtaining the franchise are stated to have been \$649.60, which amount does not include costs incident to this application.

No objection to the granting of the requested certificate has been entered. As of September 12, 1958, applicant served approximately 11,008 electric customers within the unincorporated area of Madera County.

After consideration, the Commission is of the opinion and so finds that public convenience and necessity require the exercise by applicant of the right, privilege and franchise granted to applicant by Ordinance No. 241 of the County of Madera subject to appropriate restrictions concerning the territory not now served.

The certificate of public convenience and necessity herein granted is subject to the following provision of law:

That the Commission shall have no power to authorize the capitalization of the franchise involved herein or this certificate of public convenience and necessity or the right to own, operate or enjoy such franchise or certificate of public convenience and necessity in excess of the amount (exclusive of any tax or annual charge) actually paid to the State or to a political subdivision thereof as the consideration for the grant of such franchise, certificate of public convenience and necessity or right.

O R D E R

The above-entitled application having been filed, a public hearing having been held, the matter having been submitted and now being ready for decision,

IT IS HEREBY ORDERED that a certificate of public convenience and necessity be and is granted to Pacific Gas and Electric Company to exercise the rights and privileges granted by the County of Madera by Ordinance No. 241 adopted January 6, 1958.

IT IS HEREBY FURTHER ORDERED:

1. That Pacific Gas and Electric Company shall not exercise said franchise for the purpose of supplying electricity in those parts or portions of Madera County not now served by it except through extensions of its existing system made in the ordinary course of business as contemplated by Section 1001 of the Public Utilities Code; and
2. That the Commission may hereafter by appropriate proceeding and order limit the authority herein granted to applicant as to any territory within said county not then being served by it.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 10th day of November, 1958.
