tion, for authority to operate)	
supplementary passenger stage service)	Application No. 40682
for school children in the Cities)	
of San Pablo and El Cerrito, State of)	
California.)	

O P I N I O N

Key System Transit Lines requests authority to extend its service over certain streets in the Cities of San Pablo and El Cerrito for the purpose of transporting school children attending Walter J. Helms Junior High School, Richmond Senior High School, Portola Junior High School, and the El Cerrito Senior High School.

As justification for the authority sought, applicant alleges that, due to the discontinuance of school bus transportation by the Richmond School District, it was called upon to operate additional and supplementary service for the school children.

Beninger Transportation Service, Inc., also operates over certain of the proposed streets. Therefore, appropriate restrictions will be imposed to prevent duplication of service.

After consideration the Commission is of the opinion and so finds that public convenience and necessity require the granting of the authority as hereinafter set forth. A public hearing is not necessary.
