Decision No. 58310

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of
TANNER MOTOR TOURS, LTD., for a
certificate of public convenience and
necessity to operate as a passenger
stage corporation in the transportation
of persons between San Bernardino,
Colton, and Riverside, on the one hand,
and, on the other, the Hollywood Park
Race Track.

Application No. 39940

O P I N I O N

Applicant is a passenger stage corporation engaged in extensive sightseeing and special event bus transportation services throughout Southern California. It now holds certificates between various cities and communities and the principal Southern California race tracks.

By this application, applicant seeks authority to operate a service between San Bernardino, Colton, and Riverside, on the one hand, and the Hollywood Park Race Track, on the other hand, on a round-trip basis with no intermediate points of pickup or discharge, at the basic round-trip fare of \$3.50, to which the federal transportation tax would be added.

The proposed route is as follows:

Beginning within and between the Cities of San Bernardino, Riverside, and Colton, along the most appropriate and direct routes to the San Bernardino Freeway; westerly along the San Bernardino Freeway to the Harbor Freeway; southerly along the Harbor Freeway to Century Boulevard; westerly along Century Boulevard to the Hollywood Park Race Track; and return over the same route.

Points of pickup and discharge would be at the principal motels, hotels and restaurants within the Cities of San Bernardino, Colton and Riverside. No passengers would be picked up or discharged enroute nor would any one-way fares be sold.

Applicant now has authority from this Commission in Decision No. 55216 to conduct a passenger stage service between the Cities of San Bernardino, Colton and Riverside, on the one hand, and on the other, the Santa Anita Race Track at Arcadia. It alleges that service under this authorization has been productive of substantial and continually increasing patronage, and that many inquiries and requests have been received from patrons that applicant institute a service from the named cities to the Hollywood Park Race Track.

The application is not opposed. A copy of the application has been forwarded by applicant to the cities and counties wherein the service will operate and also to the Los Angeles Metropolitan Transit Authority.

The Commission having considered the matter is of the opinion and finds that public convenience and necessity require a transportation service as herein proposed. The application will be granted. A public hearing is not deemed necessary.

ORDER

Application having been made, the Commission being fully advised in the premises and having found that public convenience and necessity so require,

IT IS ORDERED:

1. That a certificate of public convenience and necessity be, and it hereby is, granted to Tanner Motor Tours, Ltd., a corporation,

authorizing the establishment and operation of a service as a "passenger stage corporation," as defined in Section 226 of the Public Utilities Code, for the transportation of persons between the points and along the routes as more particularly described in Appendix A attached hereto and made a part hereof.

2. That in providing service pursuant to the certificate herein granted there shall be compliance with the following service regulations:

- (a) Within thirty days after the effective date hereof, applicant shall file a written acceptance of the certificate herein granted.
- (b) Upon not less than five days' notice to the Commission and the public, applicant shall establish the service herein authorized with the commencement of the next race meeting, and file in triplicate and concurrently make effective tariffs and time schedules satisfactory to the Commission.

The effective date of this order shall be the date hereof.

Dated at Los Angeles, California,
this 28th day of April, 1959.
