SUPPLEMENTAL OPINION AND ORDER

By Decision No. 58897, issued today, in Case No. 5432, Petition for Modification No. 157, certain rail lines were authorized to increase various carload commodity rates for the transportation of sugar between designated points. Certain other common carriers publish rates to meet rail competition under the alternative provisions of outstanding minimum rate orders. In the circumstances, the other carriers should be authorized and directed to make like adjustments in their rail competitive rates.

Therefore, good cause appearing,

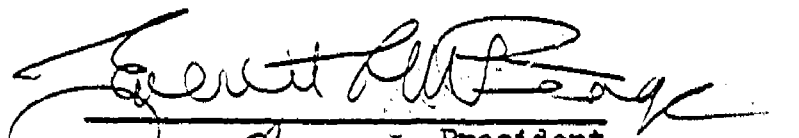

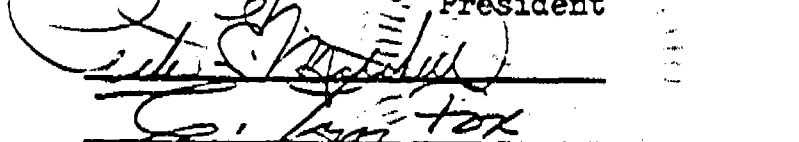

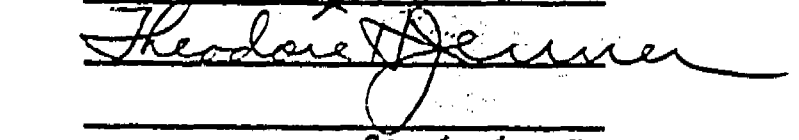

IT IS ORDERED:

(1) That common carriers maintaining, under outstanding authorizations permitting the alternative use of rail rates, rates below the specific minimum rate levels otherwise applicable are hereby authorized and directed to increase such rates, on not less than ten days' notice to the Commission and to the public, to the level of the rail rates established pursuant to Decision No. 58897, issued today, in Case No. 5432, Petition for Modification No. 157, or to the level of the specific minimum rates, whichever is lower; and that such adjustments shall be made effective not later than thirty days after the effectiveness of the increased rail rates.

(2) That such carriers are hereby authorized to depart from the long-and-short-haul provisions of Section 460 of the Public Utilities Code and Article XII, Section 21, of the Constitution of the State of California, to the extent necessary to make the adjustments authorized herein.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California, this 18<sup>th</sup> day of August, 1959.
