Decision No. 59144

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Investigation into
the rates, rules, regulations, charges,
allowances and practices of all common
carriers, highway carriers and city
carriers relating to the transportation
of sand, rock, gravel and related items
(commodities for which rates are provided
in Minimum Rate Tariff No. 7).

Case No. 5437
Petition No. 47
(Amended)

OPINION AND ORDER

This petition relates to zone rates which have been established to apply as minimum rates for the transportation of decomposed granite and other materials by dump-truck equipment from an area in the Santa Monica Mountains above Hollywood, which area is designated as Production Area EE (Decision No. 55075, June 4, 1957). Petitioner, Paul H. Talbert, owner of the real property in which the decomposed granite pit in Production Area EE is located, alleges that certain unjustified and unduly discriminatory differences exist between said rates and zone rates which apply for like transportation from a contiguous production area, Production Area Z. Assertedly, the differences stem from various errors, including errors in traverse data (mileage and vehicle running time data), which were made in the original development of the rates from Production Area EE.

As a step towards correction of the alleged errors, petitioner has developed further traverse data based upon current

performance of the transportation involved. Said data have been checked by members of the Commission's staff. They appear to be reasonable under present operating conditions.

Upon review of the rates which apply from Production Area EE in the light of the allegations and circumstances here presented, it appears, and the Commission finds, that the rates should be revised as hereinafter set forth in the tariff pages attached hereto in order to provide nondiscriminatory rates for the transportation of decomposed granite and certain other materials from Production Area EE in the future.

Interested parties have been notified of the filing of this petition. No objection to its being granted have been received. A public hearing thereon does not appear necessary.

Therefore, good cause appearing,

IT IS ORDERED:

1. That Minimum Rate Tariff No. 7 (Appendix "A" to Decision No. 32566, as amended) is hereby further amended by incorporating therein, to become effective November 15, 1959, the revised pages attached hereto and listed in Appendix "A" also attached hereto, which pages and appendix by this reference are made a part hereof.

2. That in all other respects, said Decision No. 32566, as amended, shall remain in full force and effect.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California,
this 13th day of October, 1959.
