Application No. 36057

ORDER VACATING SUSPENSION OF OPERATIVE RIGHTS

Decision No. 59042, dated September 22, 1959, in this proceeding, provided for the suspension of the certificate of public convenience and necessity of John N. Rocha unless prior to the effective date of that decision applicant shall have filed evidence of adequate liability insurance, in which event the order would be stayed. The effective date of the decision was September 29, 1959, on which date the certificate became suspended. Rocha filed the required evidence of insurance on September 30, 1959, retroactive to September 1, 1959. Inasmuch as evidence of adequate insurance is now on file, the order of suspension in Decision No. 59042, supra, will be vacated and the rights under his certificate reinstated.

John N. Rocha is hereby placed on notice that operations conducted without adequate evidence of insurance on file with this Commission is a violation of General Order No. 100A. It is emphasized that the filing of evidence of insurance with a retroactive effective date to cover the period when evidence of insurance protection was not on file with the Commission does not meet the requirements of that general order. In the event applicant should operate in the future without having evidence of liability insurance on file with the Commission, consideration will be given to possible penalty or other action.

A. 36057-AC

Therefore, good cause appearing,

IT IS ORDERED that Decision No. 59042, dated September 22, 1959, in Application No. 36057, is hereby vacated and set aside.

This order shall become effective on the date hereof.

Dated at Los Angeles, California, this 3rd day of November, 1959.
