carrier rights between points in the )

ORDER VACATING SUSPENSION OF OPERATIVE RIGHTS

Decision No. 59286, dated November 24, 1959, in this proceeding, provided for the suspension of the certificate of public convenience and necessity of Utility Petroleum Co., unless prior to the effective date of that decision it shall have filed evidence of adequate liability insurance, in which event the order would be stayed. The effective date of the decision was December 5, 1959, on which date the certificate became suspended. Utility Petroleum Co., filed the required evidence of insurance on January 12, 1960, retroactive to December 29, 1959. Inasmuch as evidence of adequate insurance is now on file, the order of suspension in Decision No. 59286, supra, will be vacated and the rights under its certificate to operate as a petroleum irregular route carrier will be reinstated.

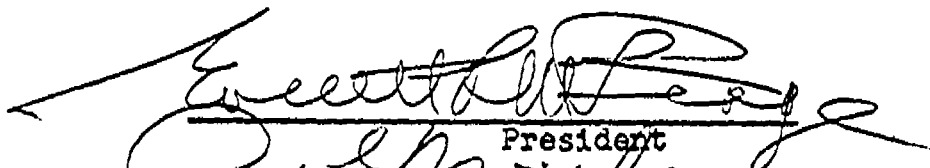

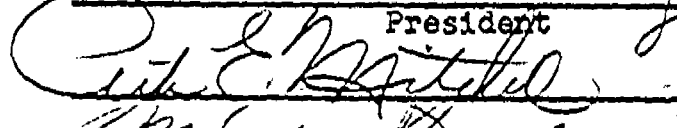

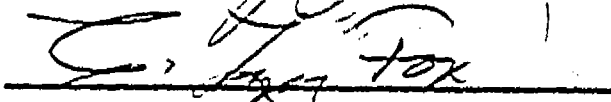

Utility Petroleum Co., is hereby placed on notice that operations conducted without adequate evidence of insurance being on file with this Commission is a violation of General Order No. 100A. The carrier is reminded that the filing of evidence of insurance with a retroactive effective date to cover all or a portion of the period when evidence of insurance protection was not on file with the Commission does not meet the requirements of that general order. In the event it should operate in the future without having evidence of liability insurance on file with the Commission, consideration will be given to possible penalty or other action.

Therefore, good cause appearing,

IT IS ORDERED that Decision No. 59286, dated November 24, 1959, in Application No. 37025, is hereby vacated and set aside.

This order shall become effective on the date hereof.

Dated at San Francisco, California, this 16th day of February, 1960.

  
President
