Decision No. 59853

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)	
YOUNG'S COMMERCIAL TRANSFER, INC.,)	
a California corporation, to depart)	Application No. 41935
from the rates, rules and regulations))	
of Minimum Rate Tariff No. 2.)	

OPINION AND ORDER

Applicant holds radial highway common carrier, highway contract carrier and petroleum contract carrier permits. Prior orders have authorized it, under Section 3666 of the Public Utilities Code, to deviate from the requirements of Item No. 70 of Minimum Rate Tariff No. 2 by assessing charges for the transportation of bakery goods in wheeled carriers on the net weight of the bakery goods exclusive of the weight of said wheeled carriers. The current authorization is scheduled to expire April 22, 1960. By this application, filed February 8, 1960, authority is sought to continue to deviate from the minimum rates for a further one-year period.

According to the application, the conditions which justified the previous deviation from the minimum rates still exist. Applicant alleges that it has operated successfully during the past year under the current authority and that it can now and in the future perform the proposed service economically and at a profit.

The application shows that on or about February 1, 1960, a copy of the application was served on California Trucking Associations, Inc. No objection to its being granted has been received.

In the circumstances, it appears, and the Commission finds, that the proposed rate deviation is reasonable. The application will be granted. A public hearing is not necessary.

Therefore, good cause appearing,

IT IS ORDERED:

(1) That Young's Commercial Transfer, Inc., is hereby authorized to assess charges for the transportation of shipments of bakery goods in wheeled carriers on the net weight of the bakery goods exclusive of the weight of said wheeled carriers.

(2) That the authority herein granted shall expire April 22, 1961, unless sooner changed, canceled or extended by order of the Commission.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California, this 29th day of March, 1960.
