ORDER REVOKING OPERATIVE RIGHTS

E. J. Moriarty Company, Inc., holds a certificate of public convenience and necessity to operate as a petroleum irregular route carrier with vacuum-type and pump-type tank trucks and tank trailers between points in the Counties of Los Angeles, Orange, Ventura and Riverside.

By Decision No. 57519, dated October 28, 1958, in these proceedings, the certificate was suspended for a one-year period for failure to file tariffs and upon the written statement of the carrier's attorney that operations had been temporarily suspended. The decision stated that in the event applicant does not notify the Commission that it will commence operations prior to the expiration of the suspension, consideration will be given to the revocation of the certificate.

The suspension period expired November 17, 1959. E. J. Moriarty Company, Inc., has not notified the Commission of its intentions to commence operations, nor has it filed the tariffs which are a requisite to operations as a certificated carrier.

Therefore, good cause appearing,

IT IS ORDERED that the certificate of public convenience and necessity granted to E. J. Moriarty by Decision No. 53577, dated August 7, 1956, in Application No. 37916, and transferred to E. J. Moriarty Company, Inc., by Decision No. 54966, dated May 14, 1957, in Application No. 38972, is hereby revoked.

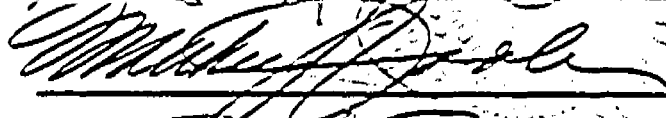

The Secretary is directed to cause personal service of a certified copy of this order to be made upon E. J. Moriarty Company, Inc.

The effective date of this order shall be the twentieth day after service, unless before such effective date E. J. Moriarty Company, Inc., shall have filed with this Commission a written response to this order denying the facts set forth herein, in which event the effective date of this order shall be stayed until further order of this Commission.

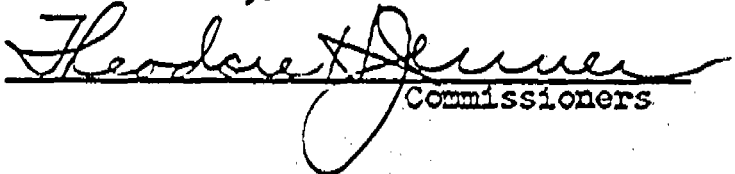

Dated at San Francisco, California, this 12TH day of April, 1960.
