Decision No. 60157

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of S. A.)	
GILLIARD, for authority to sell and)	
transfer operative rights and properties)	Application No. 41099
to HOLLOW ROD OF CALIFORNIA, a corporation.)	

ORDER VACATING SUSPENSION OF OPERATIVE RIGHTS

Decision No. 59956, dated April 19, 1960, in this proceeding, provided for the suspension of the certificate of public convenience and necessity of Hollow Rod of California, unless prior to the effective date of that decision it shall have filed evidence of adequate liability insurance, in which event the order would be stayed. Hollow Rod of California, filed the required evidence of insurance on April 29, 1960, retroactive to February 1, 1960, staying the Commission's order. Inasmuch as evidence of adequate insurance is now on file, the order of suspension in Decision No. 59956, supra, will be vacated to clear the Commission's file.

Hollow Rod of California is hereby placed on notice that operations conducted without adequate evidence of insurance on file with this Commission is a violation of General Order No. 100A. The carrier is reminded that the filing of evidence of insurance with a retroactive effective date to cover the period when evidence of insurance protection was not on file with the Commission does not meet the requirements of that general order. In the event it should operate in the future without having evidence of liability insurance on file with the Commission, consideration will be given to possible penalty or other action.

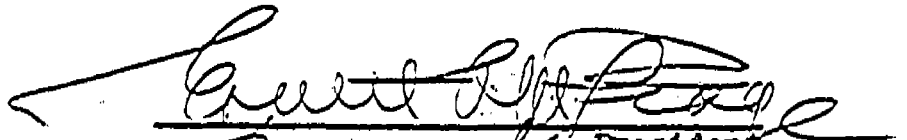

Therefore, good cause appearing.
