

ORIGINALDecision No. 60165

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application
of BEKINS WAREHOUSING CORP., a
corporation, for a certificate of
public convenience and necessity
to operate the business of a ware-
houseman in Walnut Creek.

Application No. 42180

O P I N I O N

Bekins Warehousing Corp., a corporation, requests authority to operate as a public warehouseman for the storage of general commodities in 5,000 square feet of space located at 2099 Mt. Diablo Boulevard, Walnut Creek, California.

Applicant alleges that parent company, Bekins Van & Storage Co., is completing a new concrete building at the Walnut Creek location; that the building will be two stories in height and designed to handle both regular and palletized storage of general commodities as well as household goods; that the building will consist of 21,200 square feet; that applicant will be able to lease 5,000 square feet of space; that to the best of applicant's knowledge there is no public utility warehouse operating in or near Walnut Creek; and that the proposed service would meet the business needs and requirements of merchants and commercial enterprises in the rapidly growing area in the vicinity of Walnut Creek.

A copy of the application was served upon the California Warehouseman's Association. No protest has been received. A public hearing is not necessary.

After consideration the Commission is of the opinion and finds that public convenience and necessity require the granting of the authority sought.
