BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of MAX RUDOLPE, dba  
MAX RUDOLPE TRUCKING, to operate  
a public warehouse at 1313 Ventura  
Street, Santa Paula, California,  
and to establish rates pertaining  
thereto.

Application No. 42092

Max Rudolph, applicant.O P I N I O N

Max Rudolph, doing business as Max Rudolph Trucking, requests a certificate of public convenience and necessity to operate as a public utility warehouseman of fertilizer in the City of Santa Paula.

A public hearing was held before Examiner Carter R. Bishop at Santa Paula on May 27, 1960.

The property on which the utility warehouse operations are proposed to be conducted is located at 1313 Ventura Street. The building is of concrete construction and measures 160 x 50 feet, reflecting a storage area of 8,000 square feet.

Applicant has engaged in the for-hire trucking business for many years. Incidental thereto he has performed a so-called private or contract warehouse service. The latter business has been confined principally to the storage and handling of fertilizer.

Applicant proposes to file rates which will be competitive with those of existing warehouses in the Santa Paula area.

As of December 31, 1959, applicant indicated a net worth of \$232,888.

No one appeared in opposition to the granting of the sought authority.

Upon consideration, the Commission is of the opinion and so finds that public convenience and necessity require the granting of the authority sought.
