

Decision No. 60390**ORIGINAL**

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of
BEKINS WAREHOUSING CORP., a corpora-
tion, for a certificate of public
convenience and necessity to oper-
ate the business of a warehouseman
in Palo Alto.

Application No. 42345

O P I N I O N

Bekins Warehousing Corp., a corporation, requests authority to operate as a public warehouseman for the storage of general commodities in 1,000 square feet of space located at 2575 East Bayshore Highway, Palo Alto, California.

Applicant alleges that parent company, Bekins Van & Storage Co., is completing a new concrete building at the Palo Alto location; that the building will be one story in height and designed to handle both regular and palletized storage of general commodities as well as household goods; that the building will consist of 14,500 square feet; that applicant will be able to lease 1,000 square feet of space; that to the best of applicant's knowledge there is no public utility warehouse operating in Palo Alto; and that the proposed service would meet the business needs and requirements of merchants and commercial enterprises in the rapidly growing area in the vicinity of Palo Alto.

A copy of the application was served upon the California Warehouseman's Association. No protest has been received. A public hearing is not necessary.

After consideration the Commission is of the opinion and finds that public convenience and necessity require the granting of the authority sought.

Application having been filed and the Commission being informed in the premises,
