ORDER CONTINUING SUSPENSION  
OF OPERATIVE RIGHTS

By Decision No. 58274, dated April 14, 1959, in Appli-  
cation No. 40969, Charles H. Kane and Charles P. Costa, copartners,  
doing business as Chas. F. Kane & Co., acquired the public utility  
warehouse operative right, assets and business of Kane Warehouses,  
Inc. That decision also provided for the suspension of said oper-  
ative right until June 30, 1960.

By this application, filed July 7, 1960, applicants  
seek a further nine-month suspension of their public utility ware-  
house operative right in order that a new warehouse site can be  
acquired. The application recites that their initial request for  
suspension of operations was due to the fact that their leased  
quarters had been torn down and time was needed to find new quarters.  
Applicants state that they have encountered continued difficulty in  
finding a proper site which would be commensurate with their  
financial ability to secure. At the present time, they state,  
negotiations are in progress to secure a suitable warehouse site  
which is presently occupied but which will be available for their  
occupancy in the latter half of this year.

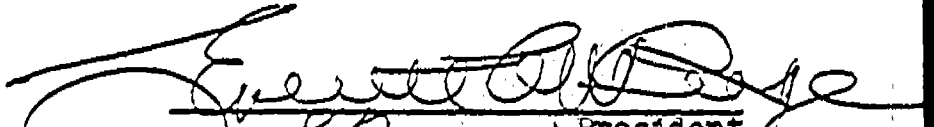

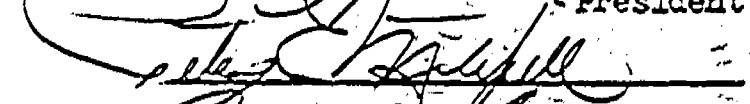

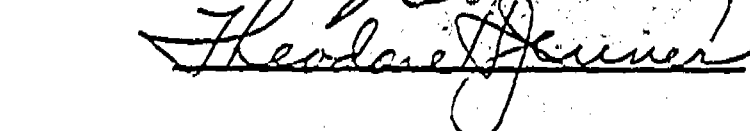

In the circumstances, it appears, and the Commission finds,  
that a further suspension of applicants' public utility warehouse  
operative rights, as sought herein, is necessary and will not be  
adverse to the public interest. A public hearing is not necessary.  
The application will be granted.

Therefore, good cause appearing,

IT IS ORDERED that the public utility warehouse operative right acquired by Charles H. Kane and Charles P. Costa by Decision No. 58254, dated April 14, 1959, in Application No. 40969, is hereby suspended until March 31, 1961.

This order shall become effective on the date hereof.

Dated at San Francisco, California, this 9th day of August, 1960.
