

ORIGINALDecision No. 60688

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of
 THE PACIFIC TELEPHONE AND TELEGRAPH
 COMPANY, a corporation, for authority
 to sell to Southern California Gas
 Company, Los Angeles, California,
 certain private mobile radiotelephone
 system equipment and enter into certain
 leases.

Application No. 42382

SUPPLEMENTAL OPINION AND ORDER

Decision No. 60557, dated August 16, 1960, under the above-entitled application, inadvertently omitted consideration of applicant's request for authority to enter into and carry out the terms of the lease agreements marked Exhibits F, G and H attached to the purchase and sales agreement designated as Exhibit A of the application.

Under the provisions of said lease agreements, applicant, in consideration of a total monthly rental of \$30.66, will permit Southern California Gas Company to use for radio operating purposes 30 square feet of floor space and two land parcels now occupied by part of the private mobile radiotelephone equipment that said gas utility is purchasing from applicant pursuant to Decision No. 60557.

The Commission has considered this matter and finds that the leasing of such property will not impair applicant's operations or its ability to perform its duties to the public. The Commission further finds that applicant's entering into and carrying out the terms of said lease agreements will not be adverse to the public interest and that a public hearing is not necessary; therefore,

IT IS HEREBY ORDERED that after the effective date of this order and on or before September 30, 1960, applicant is authorized to enter into and carry out the terms of the lease agreements marked Exhibits F, G and H attached to Exhibit A of the application.

The effective date of this order shall be September 6, 1960.

Dated at San Francisco, California, this 1st day of SEPTEMBER, 1960.
