OPINION AND ORDER

This Commission having issued Decision No. 58270, dated April 14, 1959, in Application No. 33913, as amended, and providing therein for an interim order prohibiting the Narbonne Ranch Water Co. No. 2 "from serving water to any new customers without securing the prior approval of this Commission", and further providing that the Narbonne Ranch Water Co. shall "report to this Commission in writing, by May 1, 1959, and every sixty days thereafter for a period of one year, the status of its negotiations in the sale of its system to the City of Torrance", this Commission also having issued Decision No. 58836, dated July 28, 1959, in Application No. 33913 as amended, which decision clarified the term "new customers" as used in Decision No. 58270 so as to exclude from that term those persons who had a bona fide issued building permit prior to May 4, 1959, and this Commission also having issued Decision No. 59016, dated September 22, 1959, in Application No. 33913 as amended, which decision authorized an exception to the prohibition of Decision No. 58270 so as to permit service to three residential buildings, each of the foregoing three decisions

having been interim in nature, and it now appearing that the reports required by Decision No. 58270 have been made but that no sale has as yet been consummated with the City of Torrance, and it further appearing that the said Narbonne Ranch Water Co. No. 2 has not improved nor replaced its existing mains nor has it acquired any additional facilities of any sort, and good cause appearing,

IT IS ORDERED that the interim orders issued by Decisions Nos. 58270, 58836, and 59016 be and they hereby are made final.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 20th day of September, 1960.
