Application No. 42621

ORDER

The verified application of Southern Pacific Company filed on August 30, 1960 discloses that the amount of passenger and freight business transacted at applicant's station of Madrone, Santa Clara County, for more than two years no longer warrants its continued maintenance.¹

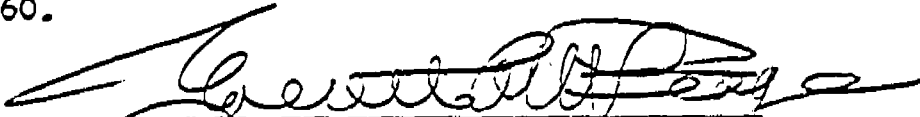

Notice of the application has been given to various parties thought to be interested and no protests have been received. A public hearing does not appear to be necessary.

It being found that public convenience and necessity no longer require the maintenance of such service, Southern Pacific Company is authorized to abandon its non-agency station of Madrone, County of Santa Clara; to eliminate said name from its station records; and to cancel all tariffs and time schedules applying at said station on not less than five days' notice to the Commission and the public. Such tariff changes shall quote this decision number as the requisite authority. This order shall not be construed as authorization to increase rates or charges.

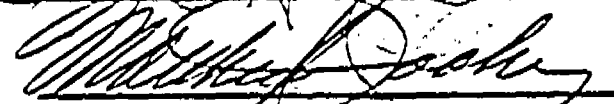

1. One carload of prunes was shipped from this station in October 1958.

Within thirty days after abandonment as authorized herein, applicant shall so notify the Commission in writing. This authorization shall expire if not exercised within one year, unless time be extended. The effective date of this order shall be twenty days after the date hereof.

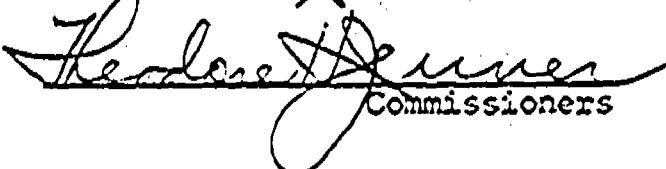

Dated at San Francisco, California, this 18th day of October, 1960.
