and 1005 of the Public Utilities
Code, for a certificate that public

the exercise of the rights and
privileges granted by Ordinance
No. 36 of the City of Artesia,

Application No. 42665

O P I N I O N

Southern California Gas Company filed this application on September 12, 1960, asking for a certificate of public convenience and necessity to exercise the rights and privileges of a franchise granted by the City of Artesia, permitting the installation, maintenance, and use of a gas distribution and transmission system in the streets of said city.

The franchise referred to, a copy of which is attached to the application and designated as Exhibit A, was granted by the city in accordance with the Franchise Act of 1937 and is of indeterminate duration. A fee is payable annually to the city equivalent to 2 per cent of the gross receipts arising from the use, operation, or possession of the franchise, but not less than 1 per cent of the gross annual receipts from sales of gas within the limits of the city under said franchise.

The franchise granted by the City of Artesia supersedes the franchise granted by County of Los Angeles Ordinance No. 6765 to the extent that the latter covered the area lying within the City of Artesia. Applicant states that it needs to exercise the franchise

rights granted by the City of Artesia in order to meet the demands upon it for gas service by its present and prospective customers. No objection to the granting of the requested certificate has been received and a public hearing is not necessary.

After consideration it is hereby found as a fact that public convenience and necessity require the exercise by applicant of the right, privilege and franchise granted to applicant by Ordinance No. 36 of the City of Artesia.

The certificate of public convenience and necessity herein granted is subject to the following provisions of law:

1. That the Commission shall have no power to authorize the capitalization of the franchise involved herein or this certificate of public convenience and necessity or the right to own, operate or enjoy such franchise or certificate of public convenience and necessity in excess of the amount (exclusive of any tax or annual charge) actually paid to the State or to a political subdivision thereof as the consideration for the grant of such franchise, certificate of public convenience and necessity or right.
2. That the franchise involved herein shall never be given any value before any court or other public authority in any proceeding of any character in excess of the cost to the grantee of the necessary publication and any other sum paid by it to the municipality therefor at the time of the acquisition thereof.

O R D E R

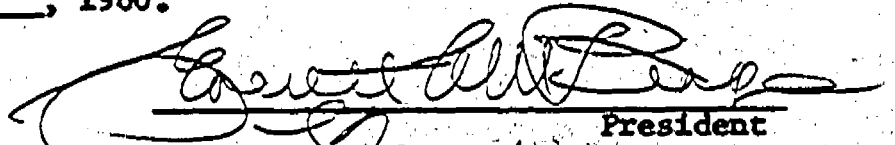

The above-entitled application having been filed, and the Commission being informed in the premises,

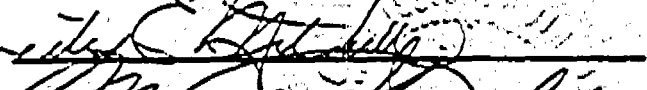

IT IS HEREBY ORDERED that a certificate of public convenience and necessity be and it is hereby granted to Southern California

Gas Company to exercise the rights and privileges granted by the City of Artesia by Ordinance No. 36, adopted March 21, 1960.

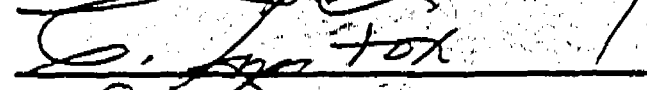

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 18th day of October, 1960.
