Application No. 42949

O P I N I O N

Pacific Gas and Electric Company, in this proceeding, asks for a certificate of public convenience and necessity to exercise the rights and privileges of a franchise granted by the County of Glenn, California, permitting the installation, maintenance and use of an electric distribution and transmission system in the public roads of said county.

The franchise referred to, a copy of which is attached to the application and designated as Exhibit A, was granted by the county in accordance with the provisions of the laws of the State of California which relate to the granting of franchises by counties, and is of indeterminate duration. A fee is payable annually to the county equivalent to 2 per cent of the gross receipts arising from the use, operation, or possession of the franchise.

The costs incurred by applicant in obtaining the franchise are stated to have been \$595.25, which amount does not include costs incident to this application.

Applicant has served electricity in portions of the County of Glenn without competition for many years. As of March 7, 1960 applicant had approximately 920 miles of electric line in operation in the county by which, as of August, 1960, it served 4,883 electric customers in unincorporated areas in the county. No objection to the granting of the requested certificate has been received and a public hearing is not necessary.

After consideration it is found as a fact that public convenience and necessity require the exercise by applicant of the right, privilege and franchise granted to applicant by Ordinance No. 388, of the County of Glenn, California.

The certificate of public convenience and necessity herein granted is subject to the following provision of law:

That the Commission shall have no power to authorize the capitalization of the franchise involved herein or this certificate of public convenience and necessity or the right to own, operate or enjoy such franchise or certificate of public convenience and necessity in excess of the amount (exclusive of any tax or annual charge) actually paid to the State or to a political subdivision thereof as the consideration for the grant of such franchise, certificate of public convenience and necessity or right.

ORDER

The above-entitled application having been filed, and the Commission being informed in the premises,

IT IS HEREBY ORDERED that:

1. A certificate of public convenience and necessity be and it is granted to Pacific Gas and Electric Company to exercise the rights and privileges granted by the County of Glenn, California, by Ordinance No. 388, adopted July 18, 1960.

2. Pacific Gas and Electric Company shall not exercise said franchise for the purpose of supplying electric service in those parts or portions of Glenn County not now served by it, except through extensions of its existing system made in the ordinary course of business as contemplated by Section 1001 of the Public Utilities Code.

3. The Commission may hereafter, by appropriate proceeding and order, limit the authority herein granted to applicant as to any territory within said county not then being served by it.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 24th day of JANUARY, 1961.
