ORDER OF MODIFICATION

By Decision No. 61302 dated January 4, 1961, as amended by Decision No. 61703 dated March 21, 1961, Jake Stokes and Johnson McMURPHY were granted a certificate of public convenience and necessity to operate as a highway common carrier in lieu of their previous certificate of public convenience and necessity. Those decisions granted applicants authority to operate generally between Marin County and Redding on the north and San Diego Territory on the south including intermediate points on, and within 25 miles laterally of, specified highways.

It appears that the point of Davenport which applicants previously served as a highway common carrier was inadvertently omitted from the in-lieu certificate. The certificate of public convenience and necessity issued to the applicants by Decisions Nos. 61302 and 61703 will be amended to include this point.

Therefore, good cause appearing,

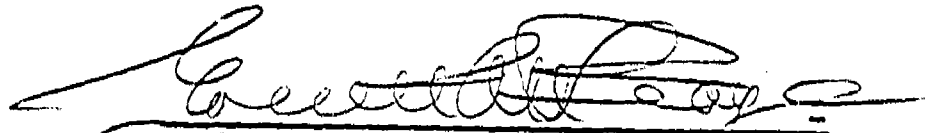

IT IS ORDERED:

(1) That Appendix A of Decision No. 61302 as amended by Decision No. 61703 is hereby further amended by substituting First Revised Page 1 in place and stead of Original Page 1.

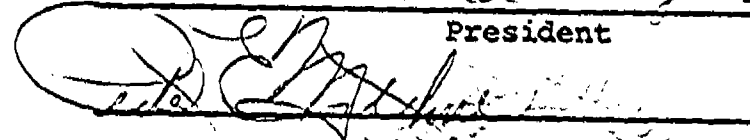

(2) That within one hundred twenty days after the effective date hereof, and on not less than ten days' notice to the Commission and the public, applicants shall amend their tariffs on file with the Commission to reflect the authority granted herein.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, this 6th day of June, 1961.

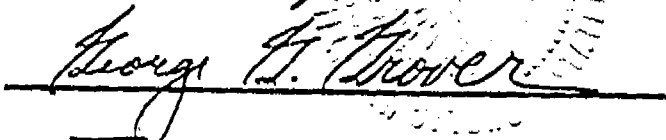

President
