

ORIGINALDecision No. 62205

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of THE GREYHOUND CORPORATION
 for authority to establish a regular route
 between North Greenfield Junction and
 South Greenfield Junction, over relocated
 U. S. Highway 101, Monterey County, and
 for incidental relief.

Application No. 43462

O P I N I O N

The Greyhound Corporation requests authority to operate over relocated U. S. Highway 101 between North Greenfield Junction and South Greenfield Junction, Monterey County.

It is alleged that said Highway 101 has been in process of reconstruction as a four-lane, divided, limited-access highway of modern standards; that applicant intends to use the relocated highway between said points primarily for its express schedules, and that it also proposes to use the former U. S. Highway as a separate route for the purpose of rendering the same local service as is presently afforded.

After consideration the Commission finds and concludes that public convenience and necessity require the granting of the authority sought. A public hearing is not necessary.

O R D E R

Application having been filed and the Commission being informed in the premises,

IT IS ORDERED that:

1. A certificate of public convenience and necessity is hereby granted to The Greyhound Corporation, authorizing the establishment

and operation of service as a passenger stage corporation, as that term is defined in Section 226 of the Public Utilities Code, for the transportation of passengers, baggage and express between the points and over the routes set forth in Second Revised Page 35 and First Revised Page 43-A, attached hereto, as an extension and enlargement of, consolidation with and subject to all the limitations and restrictions set forth in the certificate granted by Decision No. 55893 and particularly to the provisions set forth in Section 3 of Appendix A thereof.

2. Appendix A of Decision No. 55893 is hereby amended by incorporating Second Revised Page 35 and First Revised Page 43-A in revision of First Revised Page 35 and Original Page 43-A.

3. In providing service pursuant to the certificate herein granted, applicant shall comply with and observe the following service regulations:

- (a) Within thirty days after the effective date hereof, applicant shall file a written acceptance of the certificate herein granted.
- (b) Within one hundred and twenty days after the effective date hereof, and on not less than five days' notice to the Commission and to the public, applicant shall establish the service herein authorized and file in triplicate, and concurrently make effective, tariffs and timetables satisfactory to the Commission.

The effective date of this order shall be twenty days after the date hereof.
